

## TILLEY HAT SIZING CHART

Like footwear, your Tilley Hat must be sized properly. To find your hat size, use a tape measure and draw it right around your head. For the best-looking and most comfortable fit, please make sure that the bottom of the tape touches right above your eyebrows while resting straight around your head. Hold it there comfortably and do not pull tight!

Refer to our Hat Sizing Chart below for an easy reference to your Tilley Hat size.

The Tilley Hat fits more comfortably than other hats. It's designed to be worn low on your head and slightly loose. It should be held on by gravity, not by painful pressure on your forehead! When it's windy, use the cord!
