

BIRKENSTOCK®

SOFT FOOTBED FEATURES

EXTRA LAYER OF FOAM CUSHIONING

A layer of memory foam is inserted between the footbed liner and the layers of cork and jute below to provide consistent, durable cushioning.

RAISED TOE BAR

Encourages the natural gripping motion of the toes, exercises the legs and stimulates circulation.

CONTOURED CORK FOOTBED

Supports all four arches of the foot with a firm and resilient cork/latex footbed that conforms to the shape of your foot over time.

DEEP HEEL CUP

Cradles the heel and promotes proper body posture and balance.
