

**Hello fellow pet owners and neighbors,**

To keep you up to date in our response to the Covid-19 pandemic, we are making the following adjustments to try our best to meet both our staff and customer's needs.

**Effective starting March 25st,**

We will be Open for Business in our Eliot store only, from 11-5 every day except Sundays and Wednesdays until we just can't be anymore.

*\*Orders will be Call Ahead at 207-703-2155 or Eliot Store Pickup Only. No customers will be allowed into the store\**

- We will accept orders of up to 10 items.
- We ask that our employees and customers are all given 6 feet of spacing at all times for everyone's safety.
- Any other questions can be answered by calling in. We look forward to taking care of your pet's needs!

*\* These changes will remain in effect until they are either no longer necessary, or more stringent government restrictions go into place. Either way we will let you know.*

**- BE SAFE EVERYONE!**

**Here are a few things to remember:**

-We still offer free local delivery (yes, just like those GIANT corporations, only with a LOCAL PERSON delivering. For Eliot, you can order online at [www.mainepetsupply.com](http://www.mainepetsupply.com). For either store, feel free to call and we will get your order, then call you back and take payment and set up a delivery day. Eliot 207-703-2155 or Wells 207-360-0005.

-We will be more than happy to take your phone or Online for pickup order and bring your order outside for curbside pickup.

-We are constantly disinfecting the touch points in our store (carts/hand baskets, doors, keypads, etc) to provide a safe shopping environment. Finally, we know you have a lot of

shopping choices out there. Several of them are giant corporations who will undoubtedly still be there after this all blows over. We are a small independent company, trying to do our best to take care of our customers' pet needs. We hope to be here after this all blows over, and your support will make the difference. We are here for you, we hope you will continue to be there for us
