

RIGID TANKS FOR DRINKING WATER

Basic tank type ATANK

Multi-purpose tank ideal for waste water, drinking water and diesel

These tanks are made of thick walled high-grade polyethylene which is both rust free and less prone to condensation compared to metal tanks. Due to the seamless construction of the tanks, leakage is impossible. Fittings can be installed wherever you choose and can be ordered separately.

Tanks are supplied with diesel, fresh water and waste water labels.

For more information, specifications and dimensions see page 129.

ATANK

Basic tank type WTANKC

With easy screw down inspection lid

This type is made of high grade synthetic like all other VETUS rigid drinking water tanks and is supplied with all required connections which saves considerable installation time. A centre point for a SAE flange gauge sender is incorporated in the moulding together with 5 blind bolt holes.

Specifications

- Tank capacities of 40, 60 and 80 litres
- Hose connectors for filling line Ø 38 mm and breather line Ø 16 mm
- Rotating hose connector Ø 13 mm with pick-up pipe for water suction
- Supplied with installed screw down inspection lid

Note

The gauge sender should be ordered separately and the appropriate hole cut in the tank.

Dimensions: plus or minus 2%
Height dimension includes connectors
