

LEAF CREATIONS

Make a turkey using colourful autumn leaves.

You will need:

- lots of leaves
(different shapes, sizes and colours)
- paper
- glue
- scissors

Gobble
Gobble

How to make:

- 1 Arrange your leaves into different sized and coloured piles.
- 2 Pick the bigger leaves and stick them onto the middle of your paper with some glue, in the shape of a fan.
- 3 Create a fantail of 'feathers' by overlapping smaller leaves in the shape of a fan. You can choose different colours and create as many layers as you'd like!
- 4 Find a big leaf for the turkey body and a smaller one for the head. Cut a beak, eyes, and a wattle from small leaves.

You can press the leaves for a few days before making the craft. This will help keep them from getting crunchy.
