AN APPOINTMENT**

## **HERE'S HOW IT WORKS**

Have a qualified device you are looking to sell? We're buying!!!

Here's what it do:

1. Make sure your device is on our current buying list (see above)
2. Make sure your device meets all of our condition qualifications (see below)

3. Schedule an appointment with one of our buyers. At this time, we can give you an approximate amount we can pay for your device. This number isn't set in stone and will depend on the condition of the item. PLEASE NOTE- We are currently not accepted walk-ins. All purchases must have an appointment or we will not be able to help you!
4. Come to our store with your device and ID. (You must be at least 18-years old and legally capable of entering into a binding agreement. Additionally, you must have clear ownership and rights to sell your device without any encumbrances. You must have full rights, title, and interest in the device you wish to sell. The device must also be eligible for new service activation. When selling your device, you must comply with all applicable laws, statutes, and ordinances.
5. In our store, we'll examine your device for physical condition and run it through a program called Phonecheck (see below).
6. If your devices passes all our tests and you're happy with the offer, you'll get paid ON THE SPOT!  
We are currently paying satisfied customers through one of the following options:

Zelle

CashApp

Paypal

Venmo

STORE CREDIT (Get a +10% bonus on our offer)

**PLEASE NOTE- No payments are made in cash. These are the only five options we currently offer.**

## **WHAT IS PHONECHECK?**

What is Phonecheck? Phonecheck is a software that checks the authenticity of used phones. It's an industry standard used by marketplaces and used device processors to ensure that buyers and sellers have confidence in the device.

### **Phonecheck's tests include:**

- Lock detection: Checks for manufacturer, carrier, and software locks
  - Diagnostics: Scans automated component functionality
- Battery health: Checks the battery's capacity to receive and hold a charge
- Authenticity: Checks for replacement parts and performs a background check

- **Bluetooth signal strength:** Provides a clear picture of the used phone's Bluetooth signal strength  
Phonecheck's tests are quick and thorough, and can usually be completed in less than two minutes.

## **CONDITION QUALIFICATIONS**

All phones and cellular enabled iPads must be unlocked and not limited to a single carrier.

Device has signs of use but no major cosmetic damage

Fully functional with no operational problems

No chips or cracks in front of back glass

Above 80 percent battery health with no service alerts in settings

All devices must be free of any lock, carrier blacklist or financial obligations

No ghost images

No LCD or display defects (Aftermarket, burns, damage, or no display)

**FOR ALL TRANSACTIONS, A VALID DRIVER'S LICENCE OR STATE ISSUED ID IS  
REQUIRED**

Furthermore, you must be at least eighteen years old and legally capable of entering into a binding agreement. Additionally, you must have clear ownership and rights to sell your device without any encumbrances.
