

Technical Data Sheet

ROCKCOTE BLACK SOAP

Effective From 01 Jul, 2016

Black Soap is a natural African black soap used in the application and maintenance of Marrakesh and Tadelakt plaster finishes. Black Soap provides water resistance to finished Marrakesh or Tadelakt and can be used as a general household cleaner. Black Soap is friendly to the human body and will not harm the environment.

Features

- Black Soap is a natural olive oil soap with a distinctive odour.
- Black Soap reacts with Stone and forms a sealant inside the lime plaster.
- Black Soap can be used as a body soap.
- Dries to a transparent finish.

Benefits

Uses

Colours and Gloss Black Soap is black in colour and in the pot, but is transparent after drying.
Sheen Level
