

**LUGGAGE COMPATIBILITY**

**IMPORTANT INFORMATION**

- Some bags are not compatible with the S Type handlebar (fig. 1), for more information see the chart below
- If fitted to an S Type bike the larger bags can interfere with the steering
- Straps should be secured or removed from the bag (in the case of the T Bag) in order to ensure the strap does not snag or jam in any part of the bike while riding
- Ensure that the bag is properly attached to the luggage block before riding the bike
