

Color Chart

Organic Base Color

Color Chart Organic Base Color

Philip Martin's Color Chart is a **modern** and **functional** tool, **essential** for every professional.

The 98 shades of **Organic Base Color** are presented on coloured strands fixed on ten removable magnetic disks.

Each disk gathers each specific family of shades for a **simple**, **quick** and **effective** consultation that facilitates that choice of a color by the costumer.

The strands are faithful to the nuances that will be created. The base tones fully respect the listed shades. The fashion tones will be bright and will create amazing performances.

The size of the new Philip Martin's Color Chart is 31,5 cm x 7,5 cm x 31,8 cm.
