## OUR STORY

### EDDIE BAUER: OUTDOORSMAN, OUTFITTER, INNOVATOR SINCE 1920

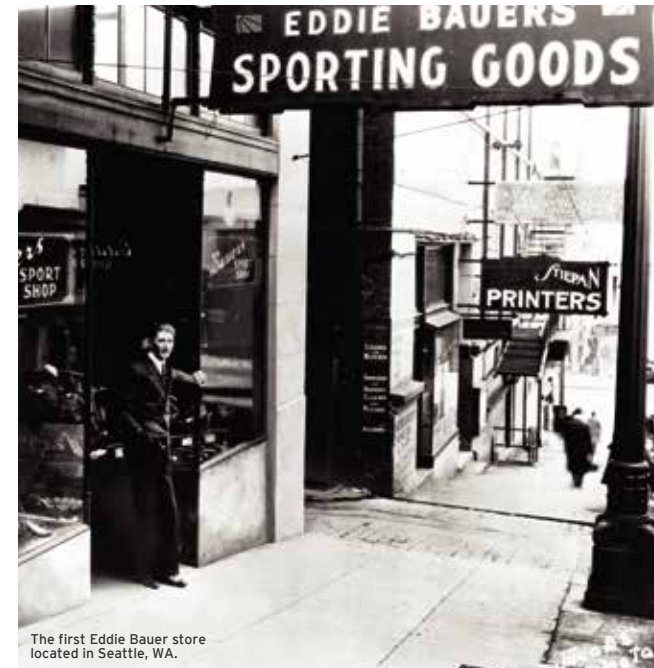

Our founder, Eddie, was an outdoor guide. Born and raised in Washington State, he learned to fish before he was in school, learned to hunt before he finished grade school. His passion for adventure built an iconic American brand.

Eddie Bauer, a husband, a father, a businessman, an innovator and a true outdoorsman.

Original Eddie Bauer logo.

The first Eddie Bauer store located in Seattle, WA.

Eddie's creation of the first down jacket patented in America revolutionized cold-weather outerwear. It also began a tradition of adventure-driven innovation that the company carries on today. To build our technical gear, we work with professional guides from concept to finished product. Only when the guides have tested each piece and say it's ready do we offer it to you. But uncompromising quality is not limited to our most technical products. Everything we make is guaranteed for life.

**BAUER**  
BLIZZARD-PROOF  
*Skyliner Jacket*  
**100% DOWN**  
**DOWN SLEEVES—DOWN BODY**

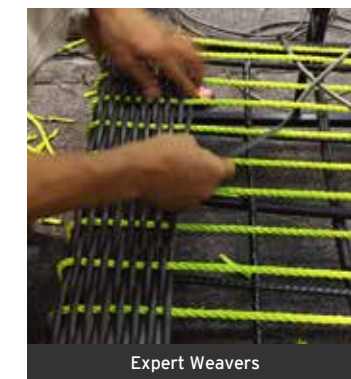

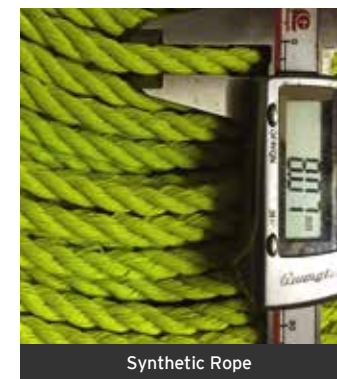

THE LATE JOE CROSSIN, one of Alaska's pioneer airways pilots, said: "I personally will fully recommend this jacket on the basis of 14 years of all-weather flying all over Alaska, and on the experience gained with Sir Hubert Wilkins in the Arctic and on the strength of tests to which I have submitted BAUER BLIZZARD-PROOF DOWN JACKETS."

The SKYLINER is a thoroughly fine garment—fully insulated with Prime Northern Waterfowl Down. Sleeves and body are down insulated. Outer-fabric is light, durable, windproof, water-repellent—woven to the highest standards. Inner lining is long-wearing nylon ruyil, satin finish. The pockets are lined for hand warmers. Wristlets are 100% new wool and the collar is padded to give it body and warmth. The Skyliner is designed to allow unlimited freedom, maximum warmth, minimum weight.
