HARBOR

SLING & PADDED | ALUMINUM

Available in: **S** Sling **SS** Sensation Sling **PS** Padded Sling

Harbor features gently curved arms and our double layer sling. Harbor is one our “Designed for Weight” collections, making it ideal for windy conditions. Made with both aluminum and steel. Aluminum is used for the arms and base to provide a low-maintenance and less corrosive material for those high-wear components. Our “Designed for Weight” collections use powder-coated, solid-steel internal side rails and cross bars for added weight.

HIGH BACK DINING CHAIR

S 32379 **PS** 32479
