Hoooked
EUCALYPS
THE NEW YARN COLLECTION

Eucalyps

Eucalyps is an environmentally friendly and sustainable yarn made from eucalyptus trees. We only use trees from sustainably managed European forests. The production process is environmentally friendly and takes place in a closed loop: that means that all raw materials used during production are also reused. Eucalyps is ideal for crafting clothes and accessories. It's luxuriously soft, has a beautiful sheen, and is highly absorbent.

Eucalyps specifications
Approx. 100 grams
Approx. 165 metres

4 - 5 mm

Spring Bells Scarf

Gauge 10x10cm : 21 stitches x 30 rows

Size: 22 cm x 135 cm (8.66 in x 53.15 inch)
= 3 bobbins

Stitches used:

k	= knit
p	= purl
sl1 k2tog psso	= slip one knitwise, knit 2 together, pass slipped stitch over
yo	= yarn over

Cast on 77 sts (multiple of 5 + 2 edge sts).

R1: k1, *k3, p2* repeat until last stitch, k1
R2: k1, *k2, p3* until last stitch, k1
R3: k1, *k3, p2* until last stitch, k1
R4: k1, *k2, p3* until last stitch, k1
R5: k1, *yo, sl1 k2tog psso, yo, p2* until last stitch, k1
R6: k1, *k2, p3* until final stitch, k1

Repeat rows 1-6 until the scarf is the desired length.

To add the tassels, cut 76 lengths of yarn of 55 cm, and divide into pairs. Divide these pairs evenly over the ends of the scarf. Fold each group of two strands in half, insert a crochet hook into the spot where you wish to attach the tassel, and pull the folded end of the strands through. This creates a loop, through which you pull the other end of the strands. Tie a knot to finish the tassel.
