Make the second edging piece the same. Block each piece to measurements: ¾" x 35" [1.9 cm x 89 cm]

ASSEMBLY & FINISHING

Seam one edging piece to each side of the cowl. You can evenly match the 133 slipped sts on each side of the cowl to the 133 cast off sts of the edging pieces.

Remove the scrap yarn from both ends of the cowl and place the sts from each end on separate knitting needles. With the wrong sides touching and being sure the cowl is not twisted, place the needles together and use Kitchener Stitch or the grafting method of your choice to join the two ends together.

If needed, use a few stitches to connect the ends of the edgings together. Weave in all yarn ends.
