Pattern Notes:

Scarf is worked flat in back and forth rows. Turn at the end of each row. The ch 3 at the beginning of each row counts as a stitch. To change color, work the last yarn over of the last stitch of the previous row with the new color. To shorten the length of the scarf, reduce foundation chains by multiples of 3, which will account for one 3-double crochet cluster per multiple. For example, to reduce the length by 10 clusters, reduce the foundation chain by 30.

Pattern:

Fringe:

Cut ninety 14"/35.5cm lengths of A. Use larks head knots to attach groups of three strands to the ends of each row and the corners of the scarf. To do so, fold three lengths in half, insert the crochet hook up through a space at the end of a row, place folded loop around the hook and draw it back down through the space, then use the hook to grab the ends and draw them through the folded loop. Rep this process into the ends of each row and all four corners of the scarf. Trim to desired length.
