Pattern Notes:

Cardigan is worked flat from the bottom up in one piece to the armholes, then the back and front panels are split and worked separately. Sleeves are worked flat from the bottom up. Turn at the end of each row. The ch 2 at the beginning of each row does not count as a stitch.

Colorwork is achieved with intarsia crochet, whereby separate balls or bobbins of each color are used for each color block rather than stranding or crocheting over the unused colors. Separate contrast colors 1 and 2 into two balls each before beginning in order to do this. To change color, work the last yarn over of the previous stitch with the new color. When changing color on the right side of the work, leave the previous color at the back of the work; when changing color on the wrong side of the work, leave the previous color at the front of the work. Pattern is written for 8 sizes: XS (S, M, L, XL, 2XL, 3XL, 4XL).
