WELCOME TO KENYA'S SPECIALIST RUNNING STORE

CONTENTS

- 2 Garmin Watches
- 3 Men's Shoes
- 7 Women's Shoes
- 9 Junior Shoes
- 11 Ronhill Clothes and Accessories
- 13 Falke Socks
- 14 Shock Absorber Bras
- 15 Gait Analysis
- 16 Club Round-up
- 17 Clearance Shoes

ABOUT US

"That's the thing about running: your greatest runs are rarely measured by racing success. They are moments in time when running allows you to see how wonderful your life is" Kara Goucher

We love this quote. Of course, new personal bests are great; but more enduring are the places running has taken us, the people and stories that it's introduced us to, and the challenges that it's offeredsome achieved, some still to go.

Our mission as Kenya's specialist running store is to share the sport we love and to encourage others to explore where running can take them. Whether you're starting out, or want help to achieve your next goal, we'd love be part of your running journey and to support in any way we can.

As a specialist store, we're working hard to offer you the best running gear from top international running brands, in Kenya, at affordable prices. We offer a professional fitting service and have Africa's first markerless 3D gait lab (see pg. 15). We're also here for whenever you need advice, motivation or encouragement.

Outside the store, we're looking to create social and welcoming opportunities for recreational runners of all levels to train and we love to support third-party events and clubs whenever we can.

If you think that running is just for the elites, think again. With fast and slow runners, young and old, beginners, casuals and experienced runners, Kenya has a diverse and growing recreational running community. Be part of it.

MEN'S SHOES RANGE GUIDE - SUPPORT & TRAIL

BOOST YOUR EFFICIENCY

GLIDESOLE TECHNOLOGY

With a curved sole and stiff forefoot, the GlideSole construction reduces ankle flexion and provide a shock-absorbent landing zone. This adds an easy, rolling-forward motion, reducing the load on your feet and lessening the fatigue of leg muscles, improving efficiency and energising your run.

FLYTEFOAM BLAST

A new lightweight, midsole foam with energetic and highly responsive cushioning and bounce for an efficient ride.

EvoRide - Ksh 12,450

Enjoy a smooth and comfortable ride mile after mile with the EvoRide's one-piece FlyteFoam Propel midsole and GlideSole technology which offer a high-energy return on each stride and give the shoe a super-smooth heel-to-toe transition. The breathable mesh upper allows air to flow in and out of the shoe, keeping you cool.

Weight: M 249g / W 210g Heel Height: 28mm

Drop: 5mm

NovaBlast - Ksh 13,950

Incorporating the new FlyteFoam Blast midsole foam, the NovaBlast gives an energetic bounce with each stride, creating a soft and lightweight ride. The outsole is designed to accentuate this energized feeling, creating a trampoline effect that propels you forward, whilst a higher stack height offers improved comfort over long distances.

Weight: M 260g / W 221g

Heel Height: M 32mm / W 31mm

Drop: 10mm

GlideRide - Ksh 14,450

Unlike anything you've experienced before, the GlideRide's centre of mass is closer to the heel making it easier to swing the foot forward, whilst the rolling motion from the GlideSole propels the foot forward, letting you conserve energy for efficient runs. It's something you have to feel to believe.

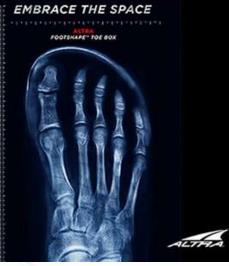

Weight: M 295g / W 230g

Heel Height: M 31mm / W 30mm

Drop: 5mm

EMBRACE THE SPACE WITH ALTRA

We're excited to have been able to bring Altra into Run Beyond, as their unique features offer runners something different to more traditional running brands.

Launched in 2009, Altra shoes are generally towards the minimalist end of the spectrum with two distinguishing features incorporated into every model.

First, their balanced cushioning (or Zero Drop) places the heel and foot the same distance from the ground which they believe naturally aligns the feet, back and body, encouraging a low-impact landing.

Second, their foot shaped toe boxes allow the toes to relax and spread, and the big toes to remain in a straight position. This enhances stability and comfort, and offers a powerful toe-off to maximise performance.

Get ready to embrace the space and feel the difference.

LACE UP WITH KENYA'S PERFORMANCE RUNNING SHOE

Enda's latest shoe, the Lapatet (Ksh 12,000), is a daily trainer designed for the bulk of your weekly milage. With a 6mm drop and 24mm high-rebound EVA midsole, it's an obvious choice for easy runs and longer runs. Want to support Kenyan...come and try on in-store today!

Altra Kokiri - Ksh 6,950

The Kokiri is Altra's new "do everything" shoe for kids. With the grippy, multi-directional lug outsole and classic style of the suede/mesh upper, this shoe is both durable and cute for everyday wear.

With Altra's foot shaped toe box and balanced cushioning, your kids' feet will be happy and healthy. As a nice additional feature, it comes with a removable insole designed to provide a little extra room for growing feet.

Altra Lone Peak - Ksh 7,950

The fans' favourite Lone Peak now in a junior size!

The Youth Lone Peak lets your kids go full gas as they romp through dirt, sand and mud in a shoe that fits the natural shape of their foot, helping their feet to stay strong and functional just like they were born to be.

Again, the shoe incorporates a removable insole to provide a little extra room for growing feet.

WE'RE FOR RUNNERS: 50 YEARS OF TRAINING, RACING AND INNOVATING

"Just get your kit on, step out the door. You'll be as right and 39 days. To this day it remains a world record as rain." Dr. Ron Hill

We love a brand with a story and, well, we love Ronhill.

Celebrating its 50th year on the UK running scene, Ronhill is a brand with running at the heart of every stitch.

Its founder and namesake, Dr. Ron Hill MBE (pictured), was not only an elite runner who competed in the Tokyo, Mexico City and Munich Olympics (as well as being the first Brit to win the Boston marathon), he was also a scientist with a PhD in textile engineering. Combining these passions, he created the Ronhill brand in 1970.

To understand Ronhill is to understand the man himself. Ron put on his running shoes every day from 20th December 1964 to 27th January 2017 – a total of 52 years

running streak and the inspiration behind the brand's "Run Every Day" tagline.

During Ron's lifetime, running went from being a niche activity to one of the most popular recreational pastimes in the world. As a brand, Ronhill, who continue to make nothing but running clothing and accessories, have been at the forefront of this trend, making running gear for everyone from the beginner to the expert.

Today, the brand remains dedicated to continuing Ron's legacy by expertly crafting faultless running gear through a daily hunt for innovation in design and fabrics. Their testers have run thousands and thousands of miles over the years, so when you pull on your Ronhill kit you can be confident that every stride of this insight and expertise lives on in the clothes you wear.

WHATS NEW

Smart Gyms are now running!

They're meeting every Saturday at Ngong Road Forest Sanctuary (next to Jamhuri park). Warm-up is at 7:45 am for a 8:00am start.

All levels are welcome and there's a marked 5km loop.

Joining the run is free but the KFS fees of Ksh 100 apply.

RACE IN FOCUS

Following on from the excellent Menengai Forest Trail Tour, the Team Jasho race series moves onto The Forest, Kereita on 4th April.

Just a short hop from Nairobi there are 2km, 7km, 15km and 25km courses available. Entry is Ksh 2,250 (kids 1,750) including a medal, park entry and race support.

The official start time is 7:30am, but in the interest of social distancing you can start any time up to 10:00am and enjoy the race atmosphere, marked routes and support.
