Group Classes: Knitting Continuing Skills

'Burp' and 'Bark' Your Way Through Brioche Knitting

Two 90 minute sessions.

Brioche stitch creates a rib-like fabric that is elastic but doesn't pull in. It is thick and squishy and adds lovely texture to knitting by combing YOs with slipped stitches. The "bark" and "burp" are simply easy abbreviations that refer to yo/sl st on the knit side or the purl side. Nancy Marchant coined these terms. Her techniques and charting system and others will be presented in class, because different terms and symbols are sometimes used in older patterns. Selvedges stitches, increases, decreases, and correcting mistakes while doing brioche stitch will all be covered. Appropriate cast ons and bind offs will be taught, including Italian Two-Color. There will be in class practice in both one-color and two-color brioche.

Cost: \$90, includes pattern

Materials: Two colors of yarn, 25-35 yards each (In sport, DK or worsted weight. Both yarns of same weight. One should be a solid and the other may be solid, variegated, gradient, or other multi-color), straight or circular needles to match yarn weight

Skill level: Intermediate. Participants must be able to knit, purl, YO, and K2tog confidently.

One Session: Saturdays, 3/23 and 3/30, 11 am - 12:30 pm

Navajo Knitting (Chain-Ply):

How to Use Yarns at Triple Gauge to Great Effect

One 1-hour Session

Learn how to triple up a lace weight yarn to create a thicker fabric project or to intersperse thick and thin strands to create a lacey versus dense texture. Students will work a few rows of knitting in a lacey/loose knit with a fine yarn, then triple the stranded by using the Navajo (chain-ply) technique and then back to thin again. Learn tricks for switching between single and triple strands partially across the rows to create interesting textures.

Cost: \$40, includes pattern

Materials: Lace weight yarn, US 8 straight or circular needles (and a few extra sizes is recommended to adjust gauge if needed)

Skill level: Intermediate Participants must be able to knit and purl confidently.

One Session: Wednesday, 4/3, 6 - 7 pm
