Shipping to Orange Peel Bicycle Service:

Email hello@orangepeelbikes.com a minimum two weeks prior to shipment so that we can schedule time for our mechanics to reassemble your bike.

In your email please include your expected pick up date, we ask for a **minimum** of three (3) business days to assemble your bike prior to pick up, so please plan your shipment accordingly.

Unboxing and assembly costs (\$100) includes a safety check of the bike. If your bike requires any additional service there will be additional cost. Please include any additional desired service in the email and our service staff will reach out to discuss what you're looking for. If you are looking for a more comprehensive tune we do ask to receive shipping notice three (3) weeks prior to shipment and your bike at least five (5) days prior to pick up to complete the service. More notice is better, we are a very busy shop and we want to be able to provide the service you are looking for.

Once you have created your shipment, please forward tracking information to us at hello@orangepeelbikes.com, Subject: Customer Name and Pick Up Date.
