

Warranty

Leon Cycle

Leon Cycle electric bicycle warranties may vary depending on the specific model and purchase conditions. However, in general, warranties offered by Leon Cycle may include:

- 1. Frame Warranty:** This is often one of the most important warranties, covering manufacturing defects in the bicycle frame for a specified period, generally 2 years.
- 2. Electrical Component Warranty:** This generally includes the electric motor, battery, and other electronic components. The duration of this warranty may also vary, but it is generally at least one year.
- 3. Mechanical Component Warranty:** This covers non-electrical components such as brakes, derailleurs, wheels, etc. The duration of this warranty may also vary depending on the manufacturer and model.
- 4. Satisfaction Guarantee or Money-Back Guarantee:** Some manufacturers offer a customer satisfaction guarantee, allowing you to return the bicycle within a certain period if you are not satisfied in order to receive a refund or exchange.

It is always important to carefully read the terms and conditions of the warranty provided with your Leon Cycle electric bicycle to understand exactly what is covered and for how long. In addition, it is recommended that you properly maintain your bicycle in accordance with the manufacturer's instructions to preserve the validity of the warranty.
