

Rentals by Mail from the Metzler Violin Shop

The vast majority of our customers visit our shop in Glendale, California, when they are ready to rent a violin, viola, or cello. But, because of the Covid-19 pandemic, and because we are now serving musicians living far from the Los Angeles area, we now offer a violin and viola rental by mail option. We currently do not ship cellos, because of the high shipping costs, and because of the danger to the instruments.

The cost is \$30 to have a rented violin or viola shipped to your home anywhere in California by UPS Ground, and \$45 to any other destination in the continental United States. Please call for rates to Alaska and Hawaii, and for services other than by UPS Ground.

When you are ready to return the rented instrument to us, the cost of the return shipping is your responsibility. It is essential that you download and read our document titled **“Instrument Packing/Shipping Checklist.”** You may contact us at the email or phone below to arrange to have your rental instrument shipped to you, or returned to us:
