OLYMPIAN GAMES

2nd HAND STALL @ CANCON 2026

SAT 24 Jan – MON 26 Jan 2026

Please label each of your items with your initials and a unique item number, use at least three letters to identify your items (e.g. LBJ-01), and the initial price.

Then fill in the details in the spaces on the item sheets, one item per line (use as many sheets as you need). Use **whole dollar** prices, please. If you would like to discount your items after the first day, please also enter prices for Day 2 and/or Day 3, separated by slashes, otherwise leave it blank to maintain the same price.

E.g. "50/-/40" would mean start at price \$50, don't change on day 2, reduce to \$40 on day 3. "50" would mean start at \$50 and don't change it.

If your goods are sold, we will retain **10%** (9% if barcoded) of the sale price. If items sell for less than \$30 a flat rate commission of **\$3 per item** (\$2.70 if barcoded) will apply instead. See the separate **barcode instruction sheet** for details on how to add barcodes to your items, including the deadline for submitting your completed sheets. It is recommended that related items worth less than \$30 be securely bundled into larger lots where feasible.

Your items may be left in the care of Olympian Games prior to CanCon (e.g. Friday afternoon during setup), or dropped off at any time from 0830 Saturday 24th. However Saturday morning is very busy so to ensure maximum exposure, drop-off on Friday or earlier is recommended. Please collect all goods and sale proceeds before 3 PM on Monday, or from our shop later in the week. **All care will be taken but no responsibility will be accepted for goods damaged by members of the public.**

We offer full credit card and EFTPOS facilities to customers, and we cover all expenses related to electronic payments. We can pay you your sales proceeds as cash (subject to the size of our float), bank deposit or Olympian Games store credit.

Your signature indicates you accept the above terms

Calculation (Olympian Games Use only)

	Sales	Number	Commission
		#	
Items sold for \$30 or less	\$		
Items sold for >\$30	\$	@ 10% / 9%	
SUB-TOTALS	\$		\$
TOTAL PAYABLE = SALES less COMMISSION			\$

Goods / Monies returned

(signature) (\$)

2nd HAND STALL @ CANCON 2023

BARCODING INSTRUCTIONS

To help speed up checkout for customers at the stall, we are introducing a barcoding system.

- ☞ Having a barcode on your items is optional, but will give you a better return on your sales.
- ☞ Having a barcode on your items does not replace the need for you to add a label with your unique item number and asking price. The barcode is merely to allow your item to be found quickly on our system. **Please remember to add your price/id label as normal!**
- ☞ You may add your own barcode stickers to your items, to save waiting for us to provide the labels. If printing your own labels, the required format is:
 - Protocol: CODE 128
 - Minimum height: 15mm
 - Format: **&-NNNxxx** (where 'NNN' is your three letter personal id, and 'xxx' is your item number. e.g. Captain Kremmen's barcodes might read: &-EBK001, &-EBK002, etc.
- ☞ If using your own barcode labels, you will need to submit your list of items to us **no later than 24:00 Thursday 22nd**, so the codes can be entered in our system.
- ☞ Alternatively, you may prefer us to print your barcodes for you. To do this you will need to submit your list of items to us **no later than 12:00 on Thursday 22nd**, so the codes can be entered in our system and the labels printed. You will need to apply our printed labels to your items yourself when you drop them off to us (we just don't have time, sorry).
- ☞ Sheets can be emailed to admin@olympiangames.com.au
