E-TRAVELLER 120

FOLDING ELECTRIC WHEELCHAIR

The E-Traveller 120 is the lightest folding electric wheelchair in the E-Traveller range and weighs just 21.5kg when the batteries are removed. An easy-folding mechanism makes this wheelchair ideal for frequent transport, either in the boot of your car, on a plane or on public transport. The 120 is ideal for use in tighter confined areas as its unmatched turning circle allows it to be highly manoeuvrable in these situations.
