Who We Are

Re:new Project engages, equips and employs refugee women in the Chicagoland area. Our greatest desire is to provide a space for refugee women to thrive as they rebuild their hopes and dreams in the United States.

Here at Re:new, we provide free English and Sewing classes to refugee women, giving them the opportunity to become employed artisans for our store.

Our vision is to be a society that values and seeks out flourishing relationships with its refugee neighbors.

Frequently Asked Questions

What is the minimum order number?

The minimum is 10 units per product. You can order 10 Trapezios and 10 Edison Sleeves, but not 5 Trapezios and 5 Edison Sleeves.

How long should I allow for my wholesale order to be ready?

We require 4 weeks for all wholesale orders, though this is subject to change depending on the quantity and product ordered.

Does the order include shipping?

No, the wholesale order does not include shipping. We will send an invoice for shipping once the order is ready to be mailed out. You can request a quote for shipping charges in advance, just leave a note in the “additional notes” section of the Wholesale Request Form.

How are fabrics selected?

There are a few options available! You may either provide your own fabric or we can design the products for you (based on a color, theme, etc.) It is important to note that we cannot guarantee we will have enough of the same fabric for multiple items because most of our fabric is donated. All fabric choices must be approved by the designer.
