HUNT FOR PRECISION.

MACAVITY **ARMS**

MA2

MACAVITY AGILITY SERIES PCP AIRGUN

Introducing the MA2 by Macavity Arms - a PCP air rifle that perfectly balances performance and value. With its simple design, engineering excellence, and commitment to maximizing performance per dollar, the MA2 is built for efficiency and accessibility to all shooters. Its optimized internal mechanisms ensure unrivaled gas efficiency, making it suitable for target shooting or competitive endeavors. Lightweight, sleek, and ergonomic, the MA2 is both a powerhouse in performance and a pleasure to wield.

PRECISION ACCURACY

Experience pinpoint accuracy with the MA2 PCP air rifle, capable of consistently hitting 1 MOA at 50 yards center-to-center. This precision elevates shooter confidence, making it suitable for both target shooting and small game hunting.

With its advanced pneumatic design, the MA2 sets a new standard for air efficiency. It maximizes shots per fill, offering up to 180 shots in .177 Cal., 100 shots in .22 Cal., 60 shots in .25 Cal., and 24 shots in .30 Cal.. This superior air efficiency ensures extended shooting with fewer frequent refills.

OUTSTANDING AIR EFFICIENCY

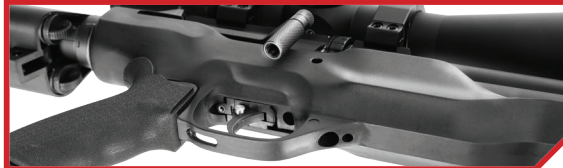

AR-STYLE FURNITURE

Familiarize yourself quickly with the AR-15 grip and stock, making the MA2 a seamless choice for real firearm enthusiasts. Plus, its compatibility with various accessories allows you to personalize your air rifle experience.

Coming in at 5.95 Lb (2.7 Kg) only, one can easily carry the MA2 for hunting or long-distance travel. Its lightweight design makes it a breeze to carry on the outdoor adventures.

LIGHTWEIGHT AND PORTABLE

READY-TO-SHOOT OUT OF THE BOX

Experience the joy of air rifle shooting right away. The MA2 comes pre-tuned from the factory, ensuring an excellent shooting experience from the very first shot. This allows users to relish the delight of air rifle shooting immediately upon unboxing, making it suitable for shooters of all skill levels.
