Technique

Clustering Beads
& Charms

Step 1 Create your bead links & drops.

A: Use the basic linking technique to secure your beads onto your head pins and eye pins.

B: For pearls: String your pearl onto one 1.5" pearl head pin. Form a wrapped loop. Begin with a 90° bend near

the top of your bead. Use your rosary pliers to form a simple loop with the tail overlapping. Wrap the tail tightly down the neck of the wire to create coils.

Step 2 Assemble your bead sequences.

A: Connect your bead links, charms, chain and bead drops using 4.5mm jump rings.

B: Repeat for multiple sequences.

Step 3 Assemble your focal.

Attach your bead sequences to the decorative ring using 4.5mm jump rings.
