### WHAT TO EXPECT

After the unit has been purchased and a an installation agreement form has been filled out and verified, the AKFIT Distribution Team will reach out to confirm a date and time for delivery and/or installation.

Upon day of delivery/Install, the AKFIT Installation technicians will call you in advance upon departure from the Distribution Centre to confirm someone is home to receive the unit.

The AKFIT Installation Techs will perform the full installation, test the unit to ensure it is fully functional and as expected, remove all unwanted packaging and sort spare parts and manuals for your convenience.

*\*Please note that in order to receive delivery inside your home, you must pay for installation, Local Delivery without Install only gets the product to your doorstep.*
