Special Series

(VESPA PRIMAVERA)^{RED} was born out of collaboration with (RED), which the Piaggio Group has supported since 2017. Founded by Bono and Bobby Shriver in 2006, the goal of (RED) is to encourage companies to allocate a sustainable cash flow to the Global Fund for the fight against AIDS and Covid-19, as well as creating public awareness and keeping the issue at the centre of attention. The characteristic Red color scheme, which elegantly clothes the entire body, also colors the wheel rims and the ergonomic saddle, made in soft Nabuk, making (VESPA PRIMAVERA)^{RED} truly unique and recognisable at a glance.

For every (VESPA PRIMAVERA)^{RED} sold, the Piaggio Group donates part of the proceeds to the Global Fund to support (RED) in the fight against AIDS and Covid-19.

Vespa is proud to be a partner of (RED)

The special Vespa Racing Sixties equipment packages are a full immersion in the unforgettable mood of the sixties, the legendary era of competitions that made Vespa an icon. A blend of adrenaline and gentleman-rider style embodies the intrinsic charm of sportiness, the thrill of speed and the competitive spirit. The inspiration was drawn from the passion for vehicle customisation between performance and aesthetics. Vespa Racing Sixties chooses a two-coloured stable: the classic and impeccable elegance of green with yellow details, and white and red for a dynamic, current and slightly eccentric look.
