Solutions for Your Sleep Problems

Aches & Pains

Tempur-Pedic® mattresses are made with one-of-a-kind, infinitely adaptable TEMPUR-Material™ that provides exceptional support and pressure relief to help reduce aches and pains.

Hot Sleep

TEMPUR-Breeze® mattresses with all-night cooling technology are designed to give you a cool and comfortable sleep experience every single night.

Snoring

Innovative Snore Response™ technology in TEMPUR-Ergo® Smart adjustable bases senses snoring and gently raises your head to a position that may reduce it** to support more restful, uninterrupted sleep.

Restlessness

The TEMPUR-Ergo® ProSmart® adjustable base helps calm your mind and body with soothing meditations from the exclusive SoundScape™ Mode so you can drift off to sleep instead of lying anxiously awake.

Adapt® Collection

Designed for aches and pains relief.

The TEMPUR-Adapt® collection features the latest advancements in the one-of-a-kind, infinitely adaptable, and body-conforming TEMPUR-Material™—for exceptional pressure relief to reduce aches and pains and get your best night's sleep.

- Made with TEMPUR-Material™
- Pressure Relief
- Motion Cancellation

Amazing!

Our new Tempurpedic Breeze is hands down, the best mattress I have ever slept in. I have insomnia but have slept every night since the bed arrived!!!

- Insomnia girl

Why did I wait so long?

BEST mattress I ever bought! Sleep better than I have in years! Add this with the power base's massage feature and I sleep so sound it's AMAZING! If it holds up as well as they say it does, this is probably the LAST mattress I will ever buy! THANKS GUYS

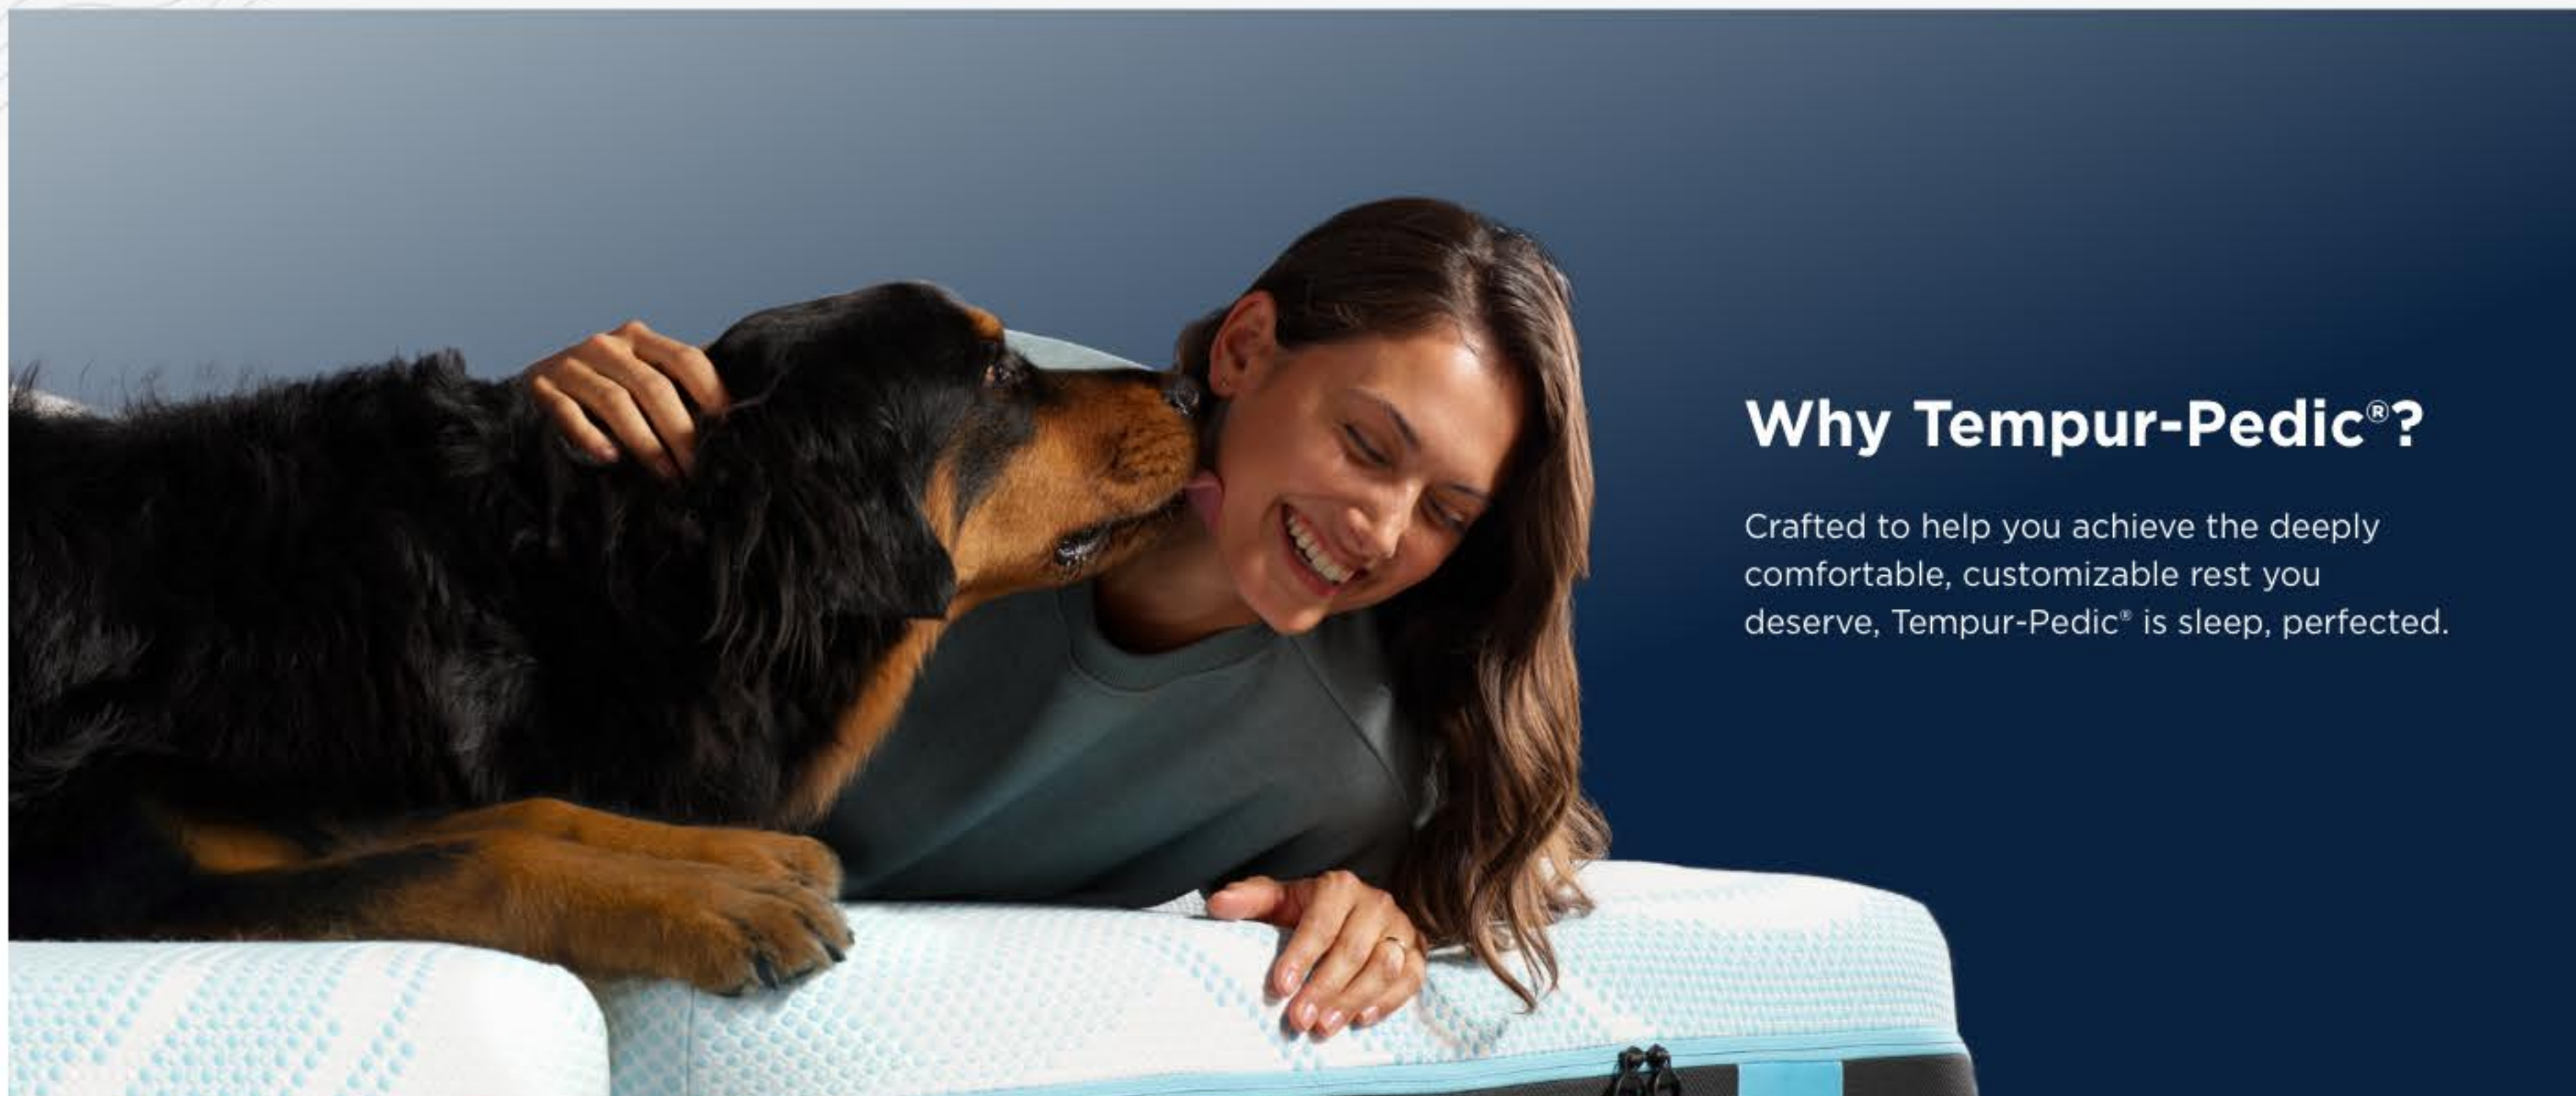

- Finally Happy

Best mattress ever

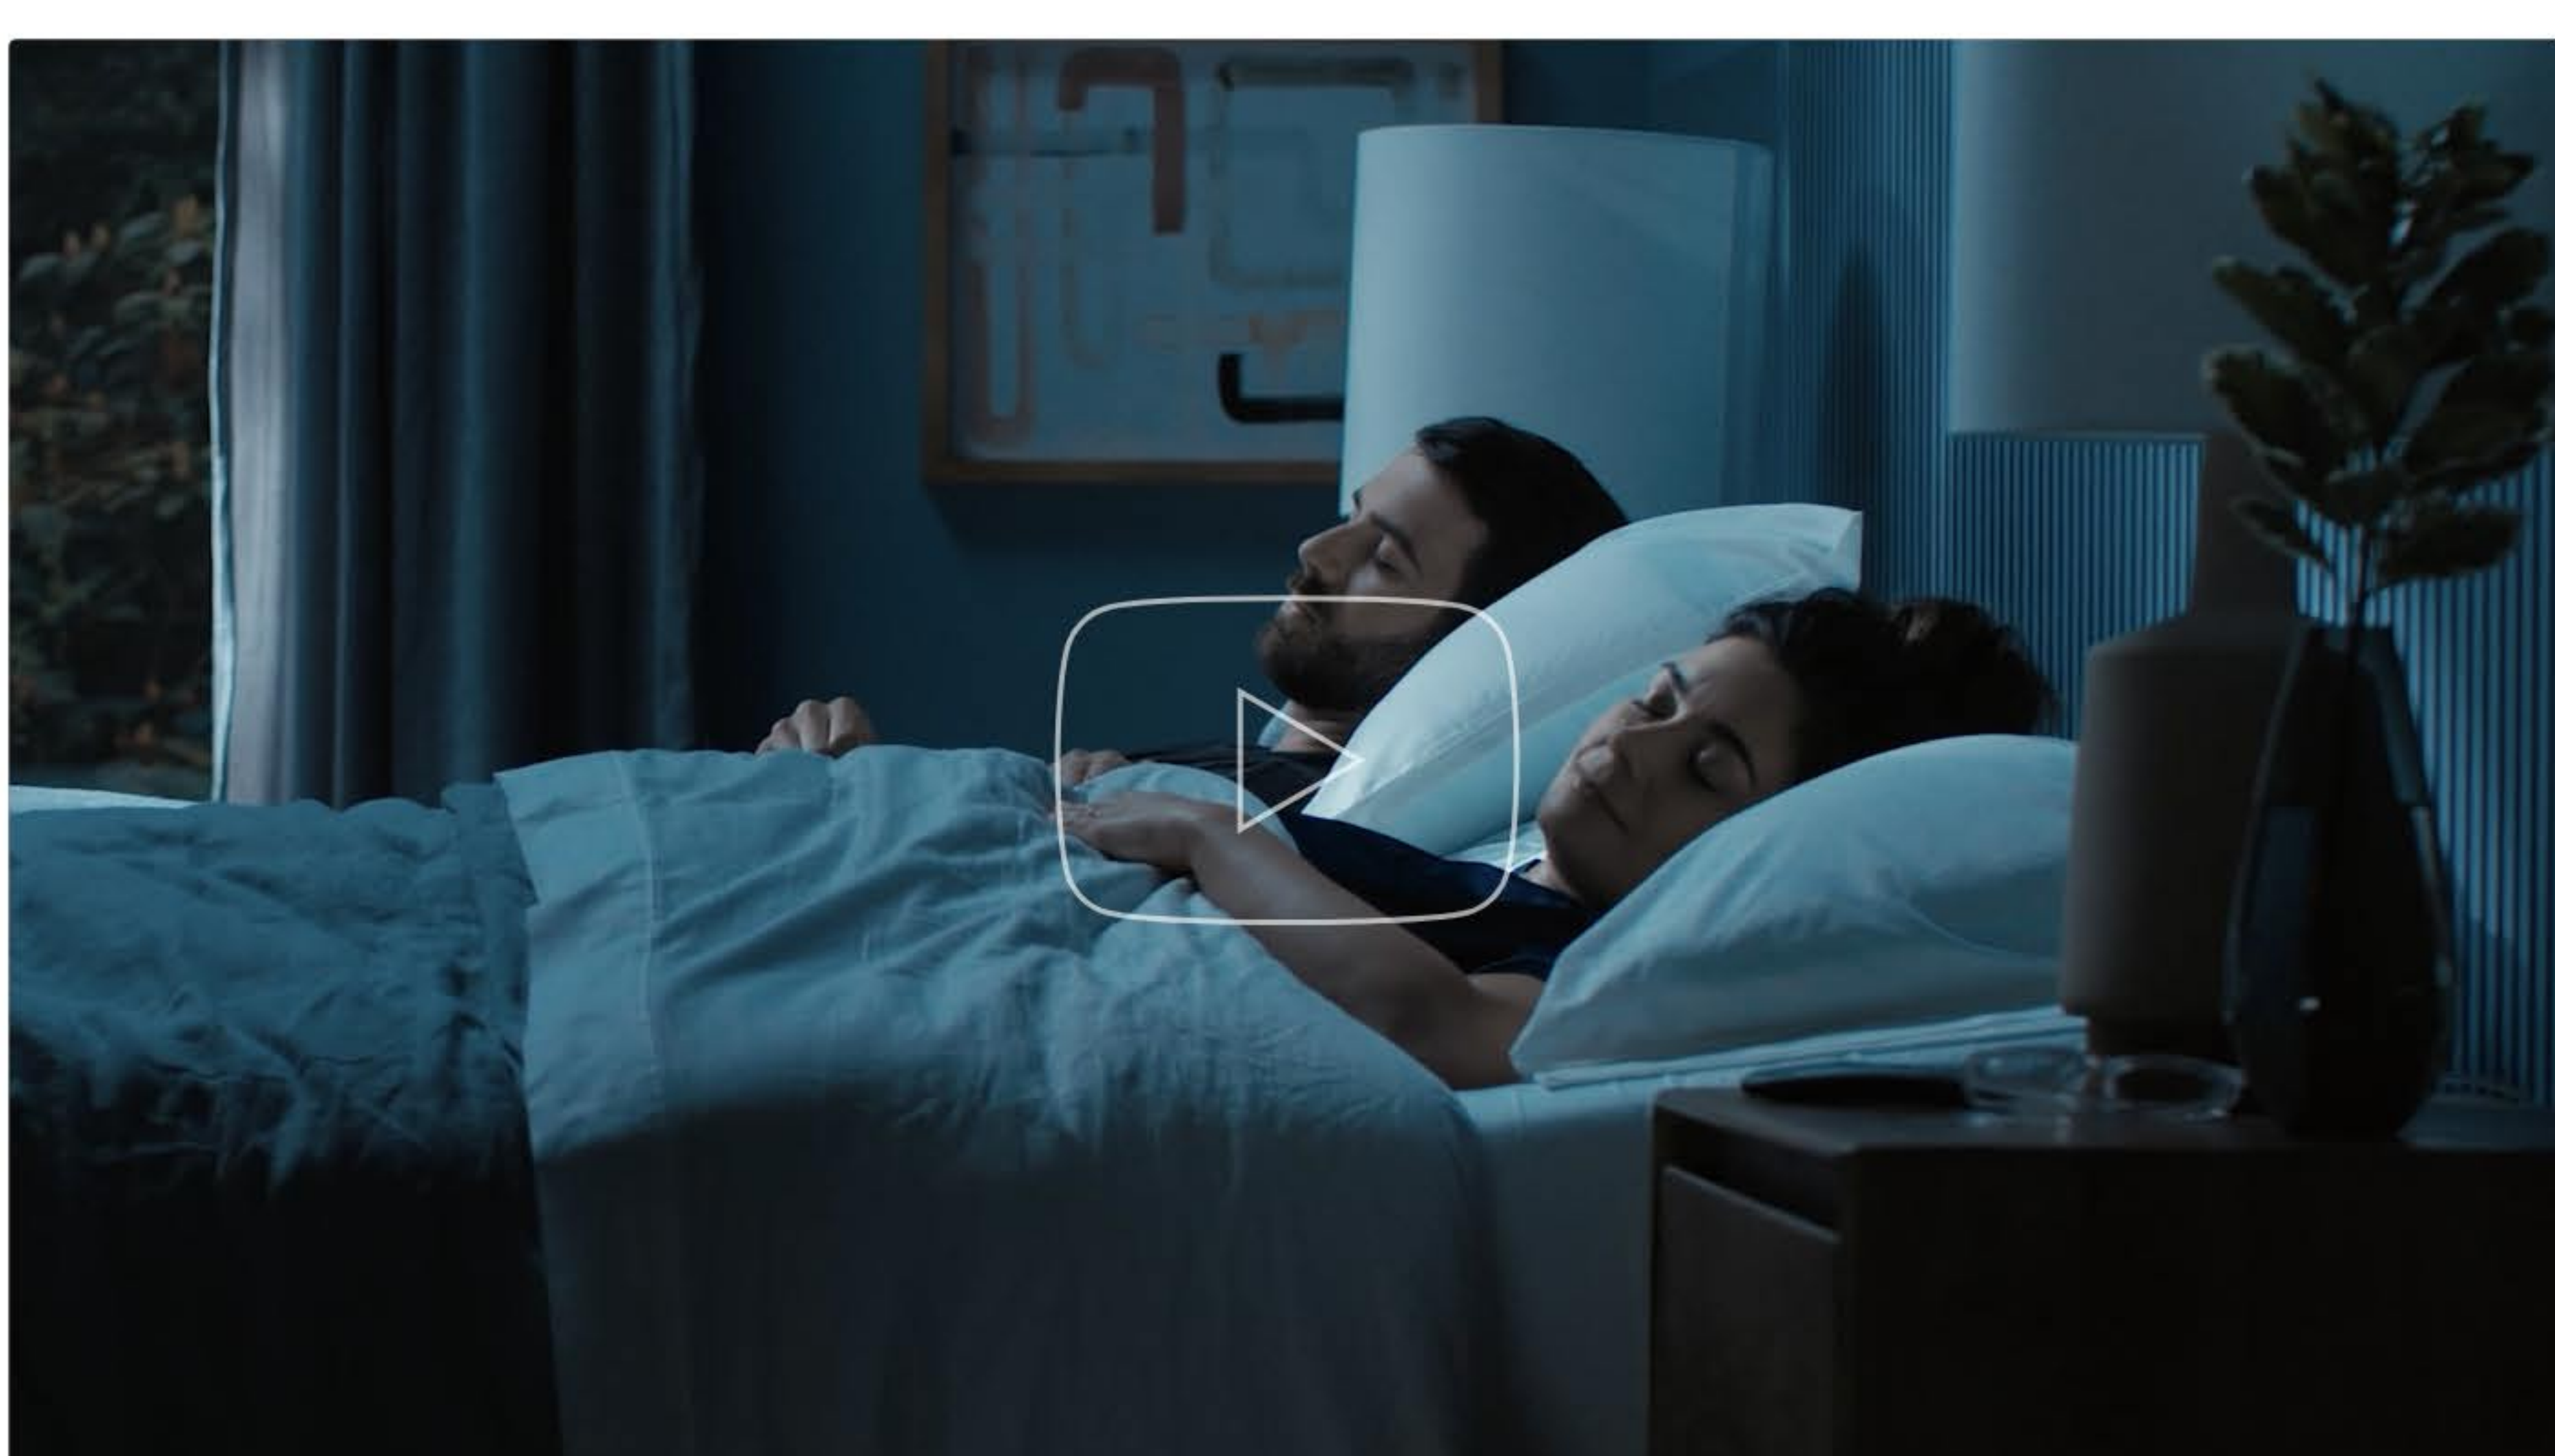

This mattress changed my life! I'm so thankful! No more back pain or waking up in the middle of the night. Would recommend to everyone!

- Happy Customer

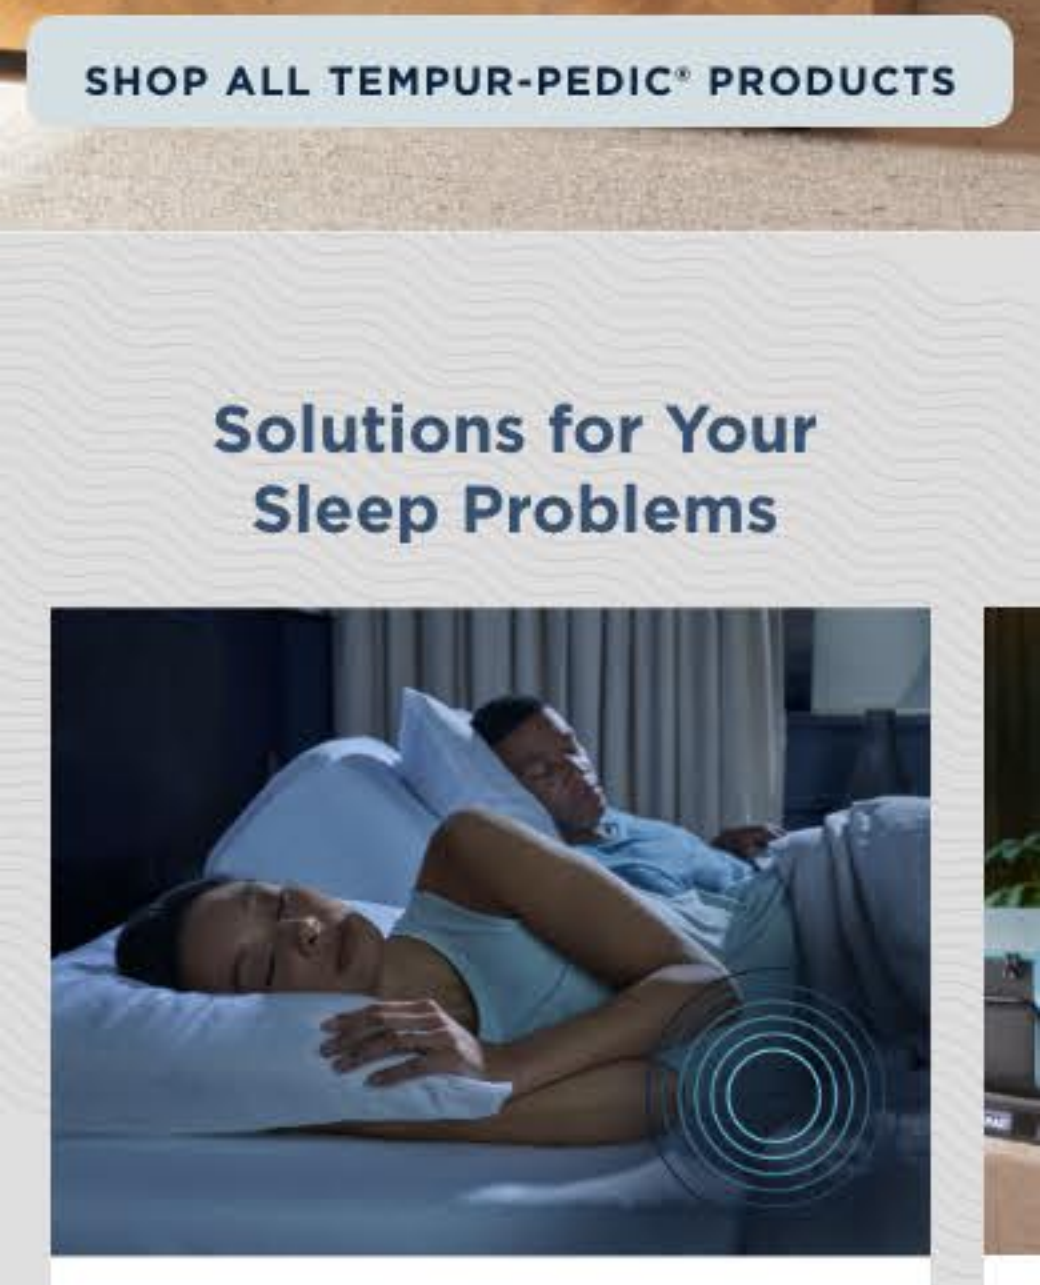

Why Tempur-Pedic®?

Crafted to help you achieve the deeply comfortable, customizable rest you deserve, Tempur-Pedic® is sleep, perfected.

*Based on average heat index increase of TEMPUR-LuxeBreeze® compared to TEMPUR-ProAdapt® models measured over an 8-hour period.

**Bed raises once approximately 12 degrees in response to snoring. This may reduce snoring in otherwise healthy individuals who snore due to body positioning.
