## HOUSEMADE TOAST

---

**Lembas bread** 6

Magic. That's all we can say. Matcha honey butter, banana slices, and chia seeds.

**Truffula toast** 6

Our version of a classic. Beyond the Equator seed butter and Ms. T's strawberry jam.

**Daisy Buchanan** 6

You'll be a fool for this toast like Gatsby was for his Daisy. Ms. T's bourbon peach jam, chantilly cream, and granola.

**Pip** 6

Simple, delightful, and unassuming. Goat cheese spread, Ms. T's tomato jam, and MS microgreens.

**Circe** 6

Unique and enchanting like Circe herself. Hummus, cucumber slices, and olive salad.

**Hagrid** 6

It would only be better with butter beer. Garlic confit, sharp white cheddar, and apple slices.

**Mr. Tumnus toast** 6

It's what he serves at all his tea parties. Goat cheese spread, Ms. T's peach jam, and house made coffee infused bacon

**Build Your Own** 6

Choose your own way to toast the day. Pick your favorite two ingredients.
