AWNINGS

STAY SHELTERED

We've got you covered

Dometic provides a full range of durable patio, window and door awnings. Our products come in a variety of durable and stylish fabrics – each with its own characteristics.

At Dometic we like to team up with other companies who are as passionate as we are about making mobile living easy. That's one of the reasons we now offer the market's widest (and best) range of awnings, including high-quality lightweight awnings.

DOMETIC POWER AWNING

WALL MOUNTED AWNING

DOMETIC POWER AWNING

Wall mounted awning

If simplicity is what you desire, then look no further than the Dometic Power Awning. This awning brings you the convenience of a 12 V motor-driven awning, along with all the other key features you look for in a long lasting awning. Struggle no more with the opening and closing of your manual awning. Simply press the wall-mounted switch and the Power Awning opens and retracts with ease. You won't be disappointed with the premium quality fabric and horizon pattern on both sides that help protect you from the elements. Please note that hardware and power switch must be ordered to enable fitting of the awning.

The Dometic Power Awning is premium quality and features attractive polyester reinforced vinyl in granite color. Suitable for the majority of motorhomes and caravans, this awning has powerful hardware and heavy duty parts for long lasting use.

- 12 V motor driven awning easy to open and close via a wall mounted switch
- Ergonomic lock knobs, positioned low for easy use
- Heavy-duty, scratch resistant and UV protected polyester reinforced vinyl fabric with weather-shield colour
- Easy-to-use universal hardware for smooth, fast and effortless one person operation
- Vinyl cushioned lift handles
- Exclusive patented PermaLoop pull strap
- Extruded alloy one piece heavy duty roller tube

Granite

CONVENIENCE

Electronic switch opens or closes the awning at the touch of a button

DURABLE

Heavy-duty materials for longer life even in harsh conditions

EASY TO INSTALL

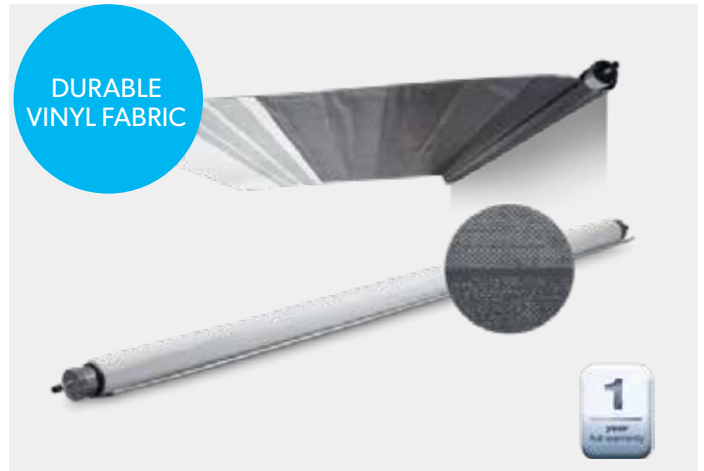

Installation is simple for most recreational vehicles

DOMETIC 8300 SUNCHASER

Wall mounted awning

Not only is the Dometic 8300 Sunchaser a great looking awning, it offers convenience and durable quality too. It's an awning of the highest quality that RV enthusiasts have trusted for years. The heavy-duty, polyester reinforced vinyl fabric features a beautiful horizon pattern. One person can easily open and close the awning with its vinyl cushioned lift handle while the cam lock system holds the awning secure for total control. Available in three colours, this product is a popular choice for many RV owners.

- Scratch resistant vinyl fabric with UV protection
- Secure rafter lock system that stabilizes the awning and has automatic tension
- Patented PermaLoop pull strap is part of system which makes this awning easy to operate
- Full 8 ft extension in carport or patio position
- Positive-action foot-and-bracket system; one easy motion releases or locks the support arm foot
- Total operator control where one person can easily open or close the awning
- Ergonomically designed lock knobs

DOMETIC 8500 AWNING

Wall mounted awning

This roll-up awning has polyester reinforced vinyl fabric in colour and an attractive pattern on top. Designed for all weather conditions, this awning is strong, secure and easy to operate.

- Scratch resistant vinyl with UV protection
- Exclusive patented PermaLoop pull strap
- Total operator control allows one person to easily open or close the awning
- Secure rafter lock system that stabilizes awning and has automatic tension
- Vinyl cushioned lift handles
- Extruded alloy one piece heavy duty roller tube

CLOTH COLOURS

The awning cloth is made from double sided vinyl material with a transparent acrylic coating.

STYLISH SCALLOPED

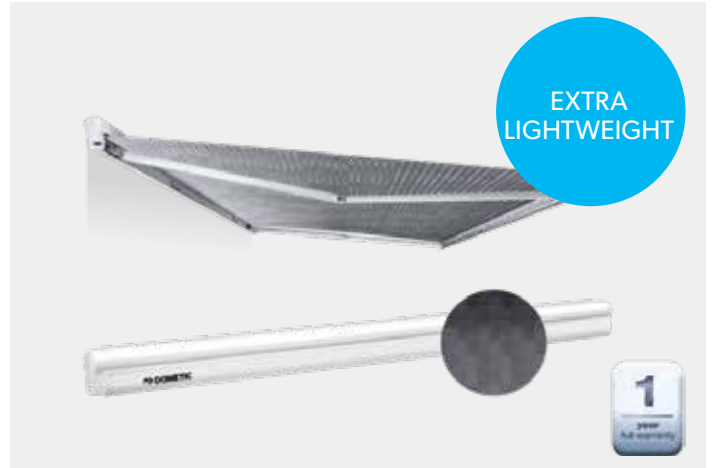

Scalloped valance adds an attractive touch of style

PERFECTWALL PW 1500

Strong wall awning that fits most vehicles

Supplied in lengths from 2.6 m up to 6 m the Dometic PerfectWall PW 1500 virtually covers the whole range of vehicle currently available. Regardless of the awning length the same housing is used, which significantly reduces the relative weight of the longer awnings (> 4 m). Details like the 100% aluminium end caps reveal the high quality standard of the PW 1500 and contribute to a long service life. Thanks to the automatic twisting front rail the awning slides out and in easily and quietly. It is operated with a telescopic crank. Alternatively, you can opt for a fully integrated motor (12 V) with manual override for emergency operation.

- Easily set up by just one person
- One of the lightest awnings for large vehicles
- Support legs with patented Easy Lock Flipper to secure the awning
- Heavy duty UV-protected reinforced vinyl
- Telescopic crank
- Great quality with 100% aluminum end caps

PATENTED FRONT RAIL
Guarantees easy access to the support legs and tight housing closure

EASY LOCKING SYSTEM
Ensures safe fastening of the support legs with no accidental dropping closure

PERFECTROOF PR 2500

Providing the utmost in style and convenience, Dometic awnings can be extended and retracted by the mere touch of a button. Made from heavy-duty, polyester-reinforced vinyl fabric, it has an attractive Horizon striped pattern on both sides that accents its colour-matched weathershield. For awning fitting, additional fittings and power switch must be purchased separately.

- Quick and easy to set up and adjust by one person
- The most lightweight awning on the market
- Patented Easy Flip Locking system securely holds support legs
- Aluminum end caps are resistant to rust, shock and impact
- For vehicle lengths of 3.5 m up to 5.5 m
- Made from a tough vinyl material with a transparent acrylic coating
- The optimised housing design does not affect the vehicle's aerodynamics

OPTIMISED HOUSING DESIGN
Minimal weight

ALUMINIUM END CAPS
Even better resistance to shock, impact and weather

HIGH-QUALITY AWNING CLOTH
Made of one piece – no welding seam

DURABLE
Heavy-duty materials for longer life even in harsh conditions

CONVENIENCE
Electronic switch opens or closes the awning at the touch of a button

EASY TO INSTALL
Installation is simple for most recreational vehicles
