### **DOMETIC S7P**

Wall window

Extra side windows in the back are ideal for letting in natural light and creating a pleasant ambience – especially useful when converting a panel van into a camper. This elegantly designed window does the job perfectly while also providing effective insulation and security.

Curvature radius of 5000 mm: the slightly curved outside makes Dometic S7P windows ideal for panel vans. Powder-coated aluminium profiles reduce the weight, guarantee excellent insulation and a high grade surface finish. Their unique design, combined with a matching blind system, makes these aluminium windows a genuine alternative to polyure than windows.

- Multi-locking system provides security against intruders
- Powder-coated profiles for outstanding insulation
- Aluminium frame reduces the weight
- Double dark-tinted acrylic glazing
- Curvature radius of 5000 mm
- For walls 27 mm thick
