Friday, August 28	✓	✓	n/a	✓	<i>Thursday, July 23</i>	<i>Thursday, July 23</i>

Please place all orders 5 weeks in advance of your scheduled delivery date.

Doing so will help us to plan for your scheduled delivery date and enable us to meet hatch day and service order requirements.

When placing your order, please keep in mind that chicks take 3 weeks to hatch, turkeys take 4 weeks and muscovy ducks take 5 weeks.

Up to the scheduled delivery date, Bonnie's will continue to accept add-ons, based on hatch day surpluses.

Muscovy are available Mid-April, May, June and July only.

The quantity of RTL pullets available will be limited to the number of baby chicks placed 5 months prior to delivery.

RTL orders will be accepted on a first-come first-served basis.
