Morning and Afternoon Sessions Available

Tucker's is thrilled to welcome **Todd Hickerson of Mayco** on November 15th for two half-day workshops.

These workshops are designed to show participants how to get the most out of Mayco Glazes through technique, best practices and experimentation.

Sessions will incorporate a slide show, demo, discussion, and Ritual glaze overview as well as an opportunity for participants to "play" with the products themselves (please bring 3-4 small pieces of bisque for this purpose). Our morning session will focus on Engobes, Stoneware glazes, Snow Gems, and Underglazes, incorporating various techniques and insights for these products. The afternoon session will highlight Stroke and Coats, Engobes, Stoneware glazes, Washes, Magma's, and Underglazes.

Todd will impart participants with the confidence to take their glazes further through experimentation as well as teach new and exciting glazing techniques and best practices. Don't miss this opportunity to learn from one of the most experienced and respected educators in the business!
