

HALDEN END TABLE

701-MER-24
W22" x D22" x H24"

LIMITED
STOCK

This solid mango wood side table adds organic depth to a space with its natural, distressed texture and soft brown finish. The rustic, minimalist design has a large impact; a solid, box-like top sits on a recessed base giving the illusion that it is "floating" in the room.

Due to the natural material used,
each piece can vary in tone and texture.
